Answering your every

Printing & Packaging QUESTION

All-in-one

Printing & Packaging SOLUTIONS
Printing & Packaging History

- Online has been in the business of printing and packaging since 1995.
- 150 minds work round the clock at its 60,000 square feet plant at Changodar, Ahmedabad.
Quality - The Result of High Attention to Detail

- Working towards ISO 22000 & BRC IOP.
- Dust free atmosphere to meet the expectations of the pharmaceutical industry.
- In-house quality laboratory.
- Competent In-house quality control team.
One Stop Solution - All Facilities Under One Roof

- **Dedicated Design Studio:**
  Equipped with the latest computer hardware, software and a library of the best known graphic works with online database.

- **State of the Art Printing Facility:**
  Multi colour Heidelberg offset printing machines with online coating and drying meet the entire range of printing needs.
• **Specialised Post Printing:**

  Automatic die cutter and folder gluers can match the speed of the printing machines and deliver quality products in time.

  Online has invested in equipments providing post-print treatments such as **lamination, embossing, foil stamping, UV varnishing and spot UV coating**. Installation of bar code reader on the folder gluers ensures that misprinted cartons are sorted out at the time of pasting.

  The company specializes in manufacturing cartons with **Braille Embossing** as also cartons with immaculate die cutting, which need to be packed on high speed **automatic cartonator machines**.
